GOLDINE IS BEST TO STOP BED-WETTING

Don't Blame Children For Somethin They Can't Help-Goldine No. 2 Is What They Need.

Don't spank your children for bedwetting. All the spanking in the world
won't nelp their kidneys, and that is
the cause of this habit. If your child's
kidneys are weak, it is a sign that
something must be done and done
quickly. Unless you start treatment,
this habit will remain with the child
and probably grow worse as the years
pass. Now is the time to check it.

Mrs. Cella Shanon was worried over
her five year old daughter, Eva, who
was afficted with the bed-wetting habit. For two years Mrs. Shanon tried to
theck the trouble, but without success.
She heard from friends that Goidine
No. 2 was a good kidney remedy, and
got a bottle. Now she says:

"I had three doctors for my daughter
but they didn't seem to do any good.
I got a bottle. Now she says:

"I had three doctors for my daughter
but they didn't seem to do any good.
I got a bottle of Goidine No. 2 and it
stopped the bed-wetting the second
night. It was the first medicine we
ever got that would do it. Goidine is
a good medicine."

Mrs. Shanon is the right kind of a
mother, one who is constantly looking
out for the welfare of her child. All
mothers should be like her. And they
should keep Goidine in the home for
the children. Remember, Goldine No.
2 for kidney trouble. For sale in your
